Objective :

Aim for recruitment in a famous firm such as yours. A corporation that takes care of its employees and support them to give their best. I really admire the team work, looking for gaining some experience from my colleagues and my managers. I also want to improve my skills and implement what I learned in a real work environment, using my communication tools, speak English and practice the skills that I have to achieve my goals in future. I won't mind any work pressure in order to get more experiments and knowledge. I behave very well with my work mates and always establish good communication and relationships with every one that needs help, especially patients and colleagues.
